

The Best of the Year: 2016 Holiday Award Toys

With all the early snow we're having a delightfully long holiday season this year. Top it all off with some great gifts under the tree. Here are our tester favourites this year.

Three Little Piggies (3+, SmartGames, \$30) - GOLD

Outstanding components - well designed not only for puzzle play, but to also inspire some imaginative play, which helps create a motivating context for the puzzle-solving. We love that there's an easier set of challenges to work through - piggies outside playing (no wolf), before kids tackle the more difficult challenge of making sure the piggies are all 'safely' inside their houses, while keeping the wolf out.

"I liked how the pigs fit in the houses and peek out the windows. And I liked trying to keep them safe. I would pretend the wolf was trying to eat the pigs but I would save them [by solving the puzzle]." Autumn (F6)
